Elevate your approaches with access to expertise

This interactive learning experience empowers you with current approaches and preferred techniques presented by experts from The Hip Society and The Knee Society. Improve your operative performance and learn new pathways to patient outcomes for complex primary and revision total knee and total hip arthroplasty, and enjoy the beautiful Park City location for skiing, entertainment and family fun!

Engage with leading hip and knee surgeons through intimate roundtables, dynamic keynotes, symposia, and lively point-counterpoint debates on treatment decision-making.

Highlights include:

- Small group round tables to discuss challenges directly with recognized experts
- Case-focused presentations followed by panel discussions and audience Q&A
- "Golden Hip" and "Golden Knee" video competition, voting and awards

Bring your extended care team, PAs and nurses, to build synergy in your approaches and improve patient care at every touchpoint.

At the conclusion of this course, learners should be able to:

- Understand the nuances of a number of surgical techniques relative to hip and knee arthroplasty
- Develop a better understanding and knowledge of perioperative dilemmas in hip and knee arthroplasty
